

MPCUK – MARITIME SAFETY ALERT

Safety Alert – Diesel Heater Installations in Yacht and Small Craft

Narrative:

The MPCUK has become aware of the danger to life associated with the use of some spare parts in Diesel Heater installations on yachts and small craft.

The full article gives further detail and is available at <https://bit.ly/3NvQst6>.

Mariners, surveyors and vessel owners are encouraged to understand and raise awareness of these dangers.

Acknowledgement:

The MPCUK acknowledges the IIMS for raising awareness of this important matter and allowing the attached excerpt from their technical journal to be included.
