

## Profile Hannah Kite

After leaving school in 1996 I joined the Merchant Navy as a deck cadet with AP Moller Maersk. During my seagoing career I gained experience on LPG carriers, product carriers, platform support vessels and latterly Anchor handling Tug Supply vessels. I hold my Unlimited Master Mariners Certificate of Competency and recently completed a BSc with Distinction in Sustainable Maritime Operations. In 2018 I left the sea and Maersk Supply Service to become a stay-at-home mum.

Even though no longer at sea I remain passionate about the Merchant Navy and the wider Maritime Industry.
